

AN ILLUSTRATED OCEAN ADVENTURE

Echo & Leah's Magical Ocean Mission

A story of wonder, friendship, and care

By the blue sea

Echo and Leah lived by the bright blue sea in
Thailand.

Ready for adventure

They put on their diving gear and prepared for a big adventure.

Into the blue

Together, they dived into the clear blue sea. A whole new world was waiting below.

A tiny new friend

Their first friend was a tiny clownfish living in a soft sea anemone.

The gentle sea turtle

A gentle sea turtle swam beside them as they explored the colourful reef.

Life all around

They passed colourful corals, silver fish, and a shy octopus.

The Coral Castle

At last, they saw the beautiful old Coral Castle
ahead.

A castle that needed care

Some parts of the castle were covered with sand and needed help.

A little care, together

Echo and Leah cleaned the sand away gently,
piece by piece.

Shining once again

The Coral Castle shone again, and all their sea friends cheered.

A beautiful lesson

Back on the sunny shore, Echo and Leah remembered their ocean friends. Every small act of care can help our beautiful sea.
